Global Finance Names The World's Best Consumer Digital Banks In North America 2018

NEW YORK, August 9, 2018 – *Global Finance* has announced the First Round winners for the 2018 World's Best Consumer Digital Banks Awards in North America. This is the 19th year *Global Finance* has named the World's Best Digital Banks and details on all First Round winners will be published in the September issue.

First Round winners include Best Consumer Digital Banks, Best Corporate/Institutional Digital Banks, the Digital Banks of Distinction and the Best Islamic Digital Banks at the country level. Winners were selected in Africa, Asia-Pacific, Central & Eastern Europe, Latin America, the Middle East, North America and Western Europe. Also announced today were regional winners in Sub-Categories such as Best Information Security and Fraud Management, Best in Mobile Banking and Most Innovative Digital Bank.

The overall Regional and Global winners, and Global Sub-Category winners, will be revealed on November 1 in London at *Global Finance's* Best Digital Bank Awards dinner at RIBA (Royal Institute of British Architects). Winning organizations from the Middle East will be honored at *Global Finance's* Digital Banks and Innovators Awards Dinner, which immediately follows the Digital Banks and Innovators Conference at the Madinat Jumeirah in Dubai on September 25. A full report on the awards and the conference will be published in the December issue of *Global Finance*.

Winners were chosen among entries evaluated by a world-class panel of judges at Infosys, a global leader in consulting, technology and outsourcing. The editors of *Global Finance* were responsible for the final selection of winners in the First Round.

Only banks that entered the competition were considered for awards, and awards were only given in those regions, countries and categories in which there were entries.

Winning banks were selected based on the following criteria: strength of strategy for attracting and servicing digital customers, success in getting clients to use digital offerings, growth of digital customers, breadth of product offerings, evidence of tangible benefits gained from digital initiatives, and web/mobile site design and functionality. Category winners, such as Best in Mobile Banking were selected based on the relative strength and success of those web products and services.

"Digital banking is the future," said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*. "The Digital Bank Award winners understand this and demonstrate commitment to ceaseless innovation in products and services for corporate and retail clients."
