

Global Finance Announces The Digital Bank Of Distinction Awards 2019

NEW YORK, August 27, 2019 – *Global Finance* has announced the fourth annual winners of the Digital Bank of Distinction Awards.

A full report on the Digital Bank of Distinction Award winners, along with the World’s Best Digital Banks 2019, will be published in the December issue of *Global Finance*. They will also be honored at *Global Finance*’s Best Digital Banks and Innovators Awards dinner at the Harvard Club of New York City on October 29.

“*Global Finance*’s Digital Bank of Distinction Awards recognize outstanding accomplishments in digital banking made by middle-market and local banks. Our World’s Best Digital Bank competition draws entries from the world’s largest global and regional banks in addition to middle-market and local banks. Larger banks often win awards because they are able to spread greater investment over more countries than middle market and local banks. This may leave the outstanding accomplishments of some local banks unrecognized. To address this imbalance, we select the Digital Bank of Distinction,” said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*.

Winners were chosen among entries evaluated by a world-class panel of judges at Infosys, a global leader in consulting, technology and outsourcing. *Global Finance* editors were responsible for the final selection of honorees.

Only banks that entered the competition were considered for awards, and awards were only given in those regions, countries and categories in which there were entries. The full list of *Global Finance*’s 2019 Digital Bank of Distinction award winners follows.
