

Global Finance Names The Stars Of China 2019

NEW YORK, September 6, 2019 — *Global Finance* is proud to present the winners of the 12th annual Stars of China Awards, honoring the best Chinese banks, fintech companies, asset management firms and enterprises serving China and the world.

The Stars of China Awards are the preeminent evaluation of financial institutions and other organizations in China by international media, and they recognize institutions that excel in serving the mainland in harmony with China’s national goals and objectives.

A full list of the winners is presented on the following pages and will be published in the November issue. The Stars of China Special Report will include *Global Finance*’s exclusive ranking of the Safest Banks in China. It will also include an in-depth look at the success stories behind the winners and their various approaches to excellence in the unique environment of the People’s Republic. All winners will be recognized at an awards ceremony at the Pan Pacific Beijing in mid-November.

“Is the China boom over? Rising trade tensions and faltering growth might suggest so, but in fact, inbound FDI grew more than 7% in the first half of the year, proving the resilience of China’s appeal to global investors. Sage advice from local partners is often key to the success of foreign firms,” says Joseph Giarraputo, publisher and editorial director of *Global Finance*. “By showcasing companies with track records of success in international business, our Stars of China awards can help in choosing the right financial and corporate partners.”

The full list of winners follows.
