

Global Finance Names The World's Best Supply Chain Finance Providers 2020

NEW YORK, January 15, 2020 – *Global Finance* magazine has announced its thirteenth annual awards for the World's Best Supply Chain Finance Providers in an exclusive survey to be published in the February 2020 issue.

The global winners for the overall best Supply Chain Finance Providers (Bank and Non-Bank) and the Best Provider of Sustainable Finance Solutions were revealed at an awards luncheon today in Frankfurt during the BAFT Global Annual Meeting.

The editorial review board of *Global Finance* selected the best supply chain finance providers based on entries from banks and other providers, as well as input from industry analysts, corporate executives and technology experts. A variety of subjective and objective criteria were used for choosing the winners. Factors considered included: market share and global coverage, product innovation, customer service, technology, execution skills and client-specific implementations.

“Supply chains were under intense scrutiny during the past year, as trade tensions drove some companies to shift production. At the same time, technological change is enabling much faster and smoother processing and documentation for supply chain finance. The winners of our annual Supply Chain Finance Awards are institutions with strong strategic as well as technological capabilities, providing clients with critical tools and advising them with industry insight,” said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*.

A list of the 2020 World's Best Supply Chain Finance Providers winners follows.
