

## Global Finance Announces The Third Annual Digital Bank Of Distinction Awards

NEW YORK, August 13, 2018 – *Global Finance* has announced the third annual winners of the Consumer Digital Bank of Distinction Awards.

These awards recognize outstanding accomplishments in digital banking made by middle-market and local banks. They honor banks that consistently provide best-in-breed solutions to their retail and corporate clients. The winners are truly among the world's best digital banks.

A full report on the Digital Bank of Distinction Award winners, along with the World's Best Digital Banks 2018, will be published in the September issue of *Global Finance*. They will also be honored at *Global Finance's* Best Digital Bank Awards dinner at RIBA (Royal Institute of British Architects) in London on November 1.

"*Global Finance's* Digital Bank of Distinction Awards recognize deserving middle-market and local banks. Our World's Best Digital Bank competition draws entries from global and regional giants in addition to middle-market and local banks. Larger banks often win awards because they are able to spread greater investment over more countries than middle market and local banks. This may leave the outstanding accomplishments of some local banks unrecognized. To address this imbalance, we select the Digital Bank of Distinction," said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*.

"They deliver world-class service, and this award acknowledges banks that achieve excellence beyond expectations."

Winners were chosen among entries evaluated by a world-class panel of judges at Infosys, a global leader in consulting, technology and outsourcing. *Global Finance* editors were responsible for the final selection of honorees.

Only banks that entered the competition were considered for awards, and awards were only given in those regions, countries and categories in which there were entries. The full list of *Global Finance's* 2018 Consumer Digital Bank of Distinction award winners follows.
